EXHIBITS

Exhibit 300-1. Trends of Total Physicians Relative to Patient Care and Primary Care – 2000 - 2005.....	5
Exhibit 300-2. Base Year, Projections, and Forecasts of Total U.S. Physicians (M.D.s) Population by Major Category From 2005 Through and 2010.....	6
Exhibit 300-3. Total U.S. Nonfederal Patient Care Physician (M.D.s) Population By Selected Specialties For 2004 Through 2010	8
Exhibit 300-4. Nonfederal Patient Care Primary Care Physicians From AMA 2004	9
Exhibit 300-5. Primary Care Specialties Growth Estimates For 2005 and 2010.....	10
Exhibit 300-6. States with Largest Population of Nonfederal Physicians By Ratio Per 100,000 Civilians, 2004.....	13
Exhibit 300-7. Nonfederal Physicians by States With Physicians/Population Ratio, 2004.....	14
Exhibit 300-8. Total Distribution Of Physicians (M.D.s & D.O.s) By Professional Activity –2004 Through 2010.....	18
Exhibit 300-9. Nonfederal Distribution Of Physicians (M.D.s & D.O.s) By Market Segments – 2005 Through 2010.....	19
Exhibit 300-10. Nonfederal Distribution Of Office-Based, Physicians (M.D. & D.O.) By Traditional Solo & 2-Physicians By Specialties –2004 Through 2010.....	24
Exhibit 300-11. Nonfederal Distribution Of Group Practice, Physicians (M.D.s & D.O.s) By Size, Single-Specialty, & Multi-specialty – 2005 Through 2010.....	25
Exhibit 300-12. Nonfederal Distribution Of Total Single-Specialty Group Practice, Physicians (M.D.s & D.O.s) By Specialty – 2005 Through 2010.....	26

Exhibit 300-14. Self-Employed Solo And 2-Physicians Medical Office Practices By Specialties – 2005 Through 2010.....	28
Exhibit 300-13. Parent Physician Organizations By Major Market Segments – 2005 Through 2010.....	34
Exhibit 300-15. Traditional Group Practice Headquarters By Size (Includes 3 to 99-Physicians only) Within Multi-specialty and Single-Specialty – 2005 Through 2010.....	35
Exhibit 300-16. Traditional Group Practices Bar Chart Comparison Of Single- and Multi-Specialty Practices –2005 Through 2010	36
Exhibit 300-17. Traditional Total Group Practice Bar Chart Comparison By Size Segments – 2005 Through 2010.....	37
Exhibit 300-18. Traditional Multispecialty Practices Group Practices Bar Chart Comparison By Size Segments – 2005 Through 2010	38
Exhibit 300-19. Traditional Single-Specialty Practices Group Practices Bar Chart Comparison By Size Segments – 2005 Through 2010	39
Exhibit 300-20. Traditional Single-specialty Group Practices By Specialty – 2005 Through 2010.....	40
Exhibit 300-21. Total Group Practices in the POMIS Industry.....	41
Exhibit 300-22. Percentage of Total Procedures Performed by Specialty.....	55
Exhibit 300-23. Points of Entry in an Integration Process.....	63

400 – MARKET ANALYSIS

CONTENTS

INTRODUCTION.....	3
CUSTOMER BASE ESTIMATIONS.....	4
UNIVERSE OF ALL MEDICAL PRACTICES.....	6
INDUSTRY REVENUE SIZE & GROWTH.....	8
FIVE-YEAR FORECASTS	14
TRADITIONAL SOLO AND 2-PHYSICIAN MARKET	21
TRADITIONAL GROUP PRACTICE MARKET.....	21
HOSPITAL-BASED PRACTICE MARKET	22
ACADEMIC MEDICAL CENTERS MARKET.....	22
MANAGED CARE PLANS MARKET	23
INTEGRATED HEALTH NETWORKS MARKET	23

EXHIBITS

EXHIBIT 400-1. TOTAL NUMBER OF PARENT AND REMOTE MEDICAL PRACTICES – 2005 AND 2010.....	5
EXHIBIT 400-2. TOTAL NUMBER OF MEDICAL PRACTICES INCLUDING REMOTE SITES BY MARKET SEGMENTS – 2005 THROUGH 2010	7
EXHIBIT 400-3. TOTAL NUMBER OF GROUP PRACTICES INCLUDING REMOTE SITES BY CONSOLIDATING MARKET SEGMENTS – 2005 THROUGH 2010	7
EXHIBIT 400-4. TOTAL PARENT MEDICAL PRACTICES BY MARKET SEGMENTS – 2005 THROUGH 2010.....	8
EXHIBIT 400-5. TOTAL INDUSTRY REVENUE SIZE AND GROWTH BY MAJOR MARKET SEGMENTS – 2005 THROUGH 2010.....	10
EXHIBIT 400-6. TOTAL VENDOR REVENUES BY TYPE OF VENDOR – 2005 THROUGH 2010	10
EXHIBIT 400-7. REVENUES MATRIX OF TYPE OF VENDOR TO MAJOR MARKET SEGMENTS – 2005.....	11
EXHIBIT 400-8. PIE CHART OF INDUSTRY REVENUE DISTRIBUTION BY MARKET SEGMENTS – 2005	12
EXHIBIT 400-9. INDUSTRY REVENUE DISTRIBUTION BY TYPE OF VENDOR DELIVERY APPROACH – 2005	13
EXHIBIT 400-10. POTENTIAL MEDICAL PRACTICE EXPENDITURES CALCULATION FOR POMIS INDUSTRY – 2005 AND 2010	16
EXHIBIT 400-11. VENDOR PENETRATION AND AVAILABLE MARKET – 2005.....	17

EXHIBIT 400-12. MARKET SEGMENT PENETRATION AND AVAILABLE MARKET – 2005 ...	18
EXHIBIT 400-13. VENDOR PENETRATION AND AVAILABLE MARKET – 2010.....	19
EXHIBIT 400-14. MARKET SEGMENTS PENETRATION AND AVAILABLE MARKET – 2010 .	20

500 - TRENDS & EVENTS

CONTENTS

VENDORS OF ACS EHR-EMR SYSTEMS	127

EXHIBITS

Exhibit 800-1. Total Industry Revenue Size and Growth By Major Market Segments – 2005 Through 2010.....	5
Exhibit 800-2. ACS-EHR-EMR Market Analysis By Segments – 2005Through 2010.....	6
Exhibit 800-3. Ambulatory Care Setting EHR-EMR Systems Software Market Potential By Segments – 2005 Through 2010.....	8
Exhibit 800-4. Conceptual Diagram of the EMR Environment	11
Exhibit 800-5. Conceptual Architecture Of An ACS EHR-EMR System.....	15
Exhibit 800-6. Percent of Office-based Physicians Using Selected IT: 2003	16
Exhibit 800-7. Primary Care Patient Process Flow and Implied Workflow.....	27
Exhibit 800-8. Distribution Of Physicians (M.D.s & D.O.s) By Market Segments – 2005 Through 2010	35
Exhibit 800-9. Total Medical Practices Including Remote Sites By Market Segments – 2005 Through 2010.....	37
Exhibit 800-10. Total Number of Group Practices By Consolidating Other Market Segments – 2005 Through 2010.....	37
Exhibit 800-11. Total Number Of Medical Practice Parent Organizations Within Market Segments – 2005 Through 2010.....	38
Exhibit 800-12. EHR-EMR Systems Adoption Curve Forecast.....	51
Exhibit 800-13. The IOM New Health System and HIPAA Comparison.....	56
Exhibit 800-14. Percentage of U.S. Population Over 65 Years of Age: 1998 - 2010	59
Exhibit 800-15. Disease Management Continuum	61
Exhibit 800-16. Conceptual drawing of standardizing security with P3P	73

Exhibit 800-17. Ambulatory Care Setting-EHR-EMR System Network Configuration.....	78
Exhibit 800-18. Basic Componentware Integration For An ACS-EHR-EMR System	85
Exhibit 800-19. Fundamental Registration Content Of Ambulatory Care Setting-.....	86
Exhibit 800-20. Fundamental Clinical Data Repository Content Of an ACS EHR-EMR System.....	87
Exhibit 800-21. Fundamental Patient Encounter Content Of an ACS EHR-EMR System.....	88
Exhibit 800-22. Fundamental General Enterprise Functionality Within an ACS EHR-EMR System.....	89
Exhibit 800-23. Fundamental Registration Functionality Within an ACS EHR-EMR System	90
Exhibit 800-24. Fundamental Clinical Data Repository Functionality Within an ACS EHR-EMR System	91
Exhibit 800-25. Fundamental Patient Encounter Functionality Within an ACS EHR-EMR System	92
Exhibit 800-26. The Primary Care Physician’s Clinical Workflow And Selected Internet Applications	102
Exhibit 800-27. Java Servlet And XML For Intelligent, Portable Electronic Medical Record System.	107
Exhibit 800-28. Market Share Of Leading Ten EHR-EMR Systems Vendors – 2005	110
Exhibit 800-29. EHR-EMR Systems Pricing Matrix For 2005	112
Exhibit 800-30. Diffusion of EMR Systems Shown to be High.....	115
Exhibit 800-31. Analysis of EMR System ROI.....	115
Exhibit 800-32. Analysis of EMR Systems Cost Expectation.....	116
Exhibit 800-33. Results of Security Confidence on Electronic Records	116
Exhibit 800-34. Results of Age of PMS Currently in Use.....	117
Exhibit 800-35. Type of Health Record Used By Practice Size, 2005	120
Exhibit 800-36. Degree of EHR Implementation By Practice Size, 2005.....	121
Exhibit 800-37. Degree of EHR Implementation in Group Practices, 2005	121
Exhibit 800-38. Impact of EHR Systems on Multispecialty Groups With Primary and Specialty Care	122
Exhibit 800-39. Effect of Increased IT Expenditures on Group Practice Profitability.....	123
